## 2017-2018 ~ SPECIALISTS' SCHEDULE

Wood School offers art, instructional technology, music, and physical education instruction on a 4-day rotating schedule. Below is a copy of the 2017-2018 Specialists' Rotating Schedule to help you plan accordingly for those days when your child is scheduled to have art, instructional technology, music, or physical education instruction. Also, for future planning, please find a yearly schedule on the reverse side. Students will not have a specialist period on early release days. Also, if school is cancelled due to inclement weather the letter day is skipped and the specialist schedule stays consistent to the calendar on the back of this sheet.
